Me and my Lunamon

I do not own anything in this story
>I dislike made up stories about charecters (by whitch I mean fanfics) because in my opinion they make fun of the charectors
however after seeing if others shared my ideas about charecters i realized like tv and videogames may be windows too other dimensions
>(ever put your finger hard enough on a computer it gives kind of a portal effect) (like the entrance to hazy mazy cave in super mario64 and ds remake)
fanfics may be paralell diminsions to those said diminsions so please if you write a fanfic dont do anything too drastic. if you cant find any of my stories then they have been deleted but don't worry it most likely means its being updated.(because i have to use notepad)

My very own Lunamon

It was an average day, I decided to play Digimon World Dusk when I noticed the strangest thing, My favorite digimon starter was missing.

>Worried I checked my Farm Island, my party, and my data banks, but still no Lunamon.
Reluctantly I started a new game and was greeted by my chosen starters with a new Lunamon.
>While I was playing, not wondering why my Lunamon mysteriously disappeared, I didn't notice a certain digimon eyeing me from the ceiling fan.
'So this is what my tamer looks like, He's even cuter in person.' After awhile I started to take a nap when I was awoken by a girlish scream. "Ahhh!"
>The next thing I knew something had landed on top of me. Still groggy, I thought I could make out the shape of a moon rabbit. After realizing that I was indeed looking at a real live digimon, I asked the girl what she was doing here. She blushes and says "Well, you've always taken real good care of us, and I wanted to meet you in

person."
" So that's why you were missing, because you left the game." I reply. An embaressed Lunamon tries to return to the game, but can't because of the new Lunamon.

"I can't get back, Now what am I going to do?" I then wipe away the crying girl's forming tears. "I guess you could always stay here." I say.

>Lunamon smiles and says " I guess I should have expected that from you, so kind and willing to help those in need, I guess that's why I've always had a crush on you."
" Did you just say you had a crush on me?" I say. " Did I Say that out loud?!" Says a shocked and embaressed Lunamon.

>" Yeah, but it's fine because, I've always had a crush on you too." We then shared a long and passionate kiss.
And me and my digimon lived happily ever after.

End
